IC Chairs' Distinguished Home Theater Seating Line Introduces The Metro at CEDIA Expo 2003

Lakeville, July 3, 2003: ImageCrafters IC Chairs' Metro is the newest addition to IC's Theater Collection, well known for its inviting and stylish custom-made home theater seating. The Metro's classic style and modular options comfortably enhance the full home theater experience and will be featured at Image Crafters booth #308 at CEDIA 2003.

The reclining Metro back is supportive, yet comfortable and perfectly planned to allow for full enjoyment of 5.1 and 7.1 surround soundtracks. The Metro is available in a number of seating configurations, from a single seat or love seat, to multiple seat rows. Optional divider arms are available in single arm, double arm, pie shaped, and compartment arm. Choose from a multitude of colors in Nova Suede, leather, or customer supplied materials to seamlessly blend with any room's décor. Nova Suede is a man-made material offering exceptional performance, strength, comfort, and durability, as well as easy care. Suggested retail pricing starts at \$1800 and delivery time is between 6 and 8 weeks from order placement.

IC Chairs, a division of ImageCrafters, Inc., is known as a leading supplier of premium, custom crafted, home theater furniture carefully crafted with style. See our website at www.imagecraftersinc.com for detailed information on ImageCrafters Design Services, IC Chairs, IC Lights (low voltage lighting), IC Woodworks (home entertainment cabinets). All IC product lines are available through select specialty AV dealers nationwide.
